LIFE PATH, CAREER - *Gold in your Hands*

You are gifted, are you using that gift in your daily life? Some people told you that you have 'gold in your hands'! Are you a craftsperson, a healer, an admin person who can type good reports - or do you feel any other gift coming from your hands!? Use them !

LOVE, RELATIONSHIPS - *Sexual Healing*

Sounds like a famous song title!? You haven't had much sexual interactions lately and it is time to regain confidence in you and make some steps towards a more sensual relationship. Yes you can.

RESPECT, FAMILY, HEALTH, PAST - *Protected from Stress*

You find new ways to protect yourself from stress! You observe instead of judging. You step back from a situation rather than getting straight into it. You allow time and pause before answering. No need to carry other people's stress for them: you can't. Everybody has their story and you are there to listen. Just listen and they will find their ways.

ABUNDANCE, WEALTH & MONEY - *De-clutter*

You prefer quality vs. quantity. You de-clutter the sectors #4 (Abundance) of your home, of your office and of your main living room - see what the universe provides you within that week!

YOU - *Red and Orange chakras*

Your red and orange chakras and nearby organs are receiving a good healing from you during this month of November! Some through detox, other through choosing a different diet. Give yourself three weeks and enjoy the difference in your body.

HELP, HELPERS, TRAVELS - *Love*

Love is all there is and all that counts. Give pure Love and unconditional Love around you and remember... to and appreciate yourself everyday!

IDEAS, CHILDREN & PROJECTS - *Less Boundaries*

Your projects can be larger than you imagine. Your children can achieve more than you think. Open your mind and allow all to grow.

SPIRITUALITY, STUDY, OPENNESS - *Money*

You are angry that money has been a too big driving force in your life so far. Money is energy and you can manage it better. No need to spend it all - or the other extreme... to be greedy. How much does it *cost* you to stay in the job you are today and that doesn't make you happy? How long have you been stuck in that relationship with a person you don't love anymore just because of the fear of what you will have to give/share in case of separation/divorce? Think of how Money is leading your life and make that step to respect yourself.

WELL-BEING, SELF CONFIDENCE, RECOGNITION - *Crab*

Are you like a crab retreating inside your home? Are you the crab in the bucket that wants to crawl out ? Leave your fears and start living.

November 2017 – *How much does money lead your life?*
