**April 2018**

**1. LIFE PATH, CAREER - *Impressive***

We may have waited long for this change... after mid April, our rewarding time is approaching! Our life path and career opportunities open up to an avenue filled with abundance.

**2. LOVE, RELATIONSHIPS - *Stay Sweet***

Speak softly, act gently and always with love. These are the only points to focus on this month when it comes to relationships.

**3. RESPECT, FAMILY, HEALTH, PAST - *Memory Games***

In order to stay bright and healthy, we choose to participate to memory games. Scrabble, crosswords, Sudoku or Trivial Pursuit are a few examples to keep our minds healthy. We are never too old to learn! We choose a topic that is close to our heart and enrol (or read books) by the end of April. This could well bring a very positive change in our lives!

**4. ABUNDANCE, WEALTH & MONEY - *Confirming Abundance***

Second message about Abundance (this one and the first one that appeared in "1. Life Path") - that means the Universe is really giving us a big push in that regards and we will see this abundance emerging by the end of this month. We are very excited and we already feel the joy - these are keys to manifest our Abundance !

**5. YOU - *Shine***

We see a diamond at the end of the tunnel ( as illustrated on top of this page)! Everything will start shining soon. We had to see the 'dark', we had to be quiet, to be able to see the 'light' and be actively enjoying life soon again.

**6. HELP, HELPERS, TRAVELS - *Bridges***

Are we going to burn our bridges and start a new adventure or are we going to stay put in an existence in which we (too often) felt numb? There is so much to live, so much to learn... Take one step and safely live life to the fullest.

**7. IDEAS, CHILDREN & PROJECTS - *Communication***

Listen, speak and communicate with suggestions (not solutions). These are our best options to get together with our children and help them grow wisely.

**8. SPIRITUALITY, STUDY, OPENNESS - *Creativity in your studies***

We really feel inclined to study a more intuitive topic, and use that part of our brain that has been too silent all those years. Art & Craft, new languages, new interests... April will definitely offer us that openness.

**9. WELL-BEING, SELF CONFIDENCE, RECOGNITION - *The sky is the limit***

Stop putting barriers or giving excuses to not do something. In the next few weeks we step out of our comfort zone and we will wonder why we waited so long!
