1. LIFE PATH, CAREER - Space

You become aware of the space within you and around you; that space that exists in each cell, in each particle. For those who wish to know more, Google one of Nassim Hamein's conferences on You Tube, they are fantastic !

2. LOVE, RELATIONSHIPS - Project

What you create together will strengthen your relationship. What does this project entice? I'm keen to know!

3. RESPECT, FAMILY, HEALTH, PAST - You

Look after yourself, stop being the saviour. Each being is on their own life path and will find their own solutions by themselves. You can inspire, they decide. You won't be selfish, you simply take care of yourself those next couple of weeks, just for once, your body, mind and spirit definitely need it!

4. ABUNDANCE, WEALTH & MONEY - Diamond

You are like rays of sunshine showing rainbows through the prism of a diamond - you are much more abundant that you can even imagine!

5. YOU - Look where you step

We pay attention where we step. We sweep, clean, repair our paths and offer a clear, clean and comfortable 'way' for those who will walk on it. "*What goes around, comes around!*"... so put lots of good intents cleaning the path as good vibes will be coming your way very quickly!

6. HELP, HELPERS, TRAVELS - Flowers

Plant and care for your flowers, bees need them. Without bees, what would we become!?

7. IDEAS, CHILDREN & PROJECTS - Bowels

Our bowels = our bins : indispensable! In order to get rid of the 'excess' of our lives, it is much nicer to discard - when our bins are clean and smell clear too, isn't it? During August, we give a thorough clean to all our bins and in parallel to our bowels. A detox will make them feel much better, all this accompanied by pre- and pro-biotics. This suggestion is for yourself and could be for your children too - you will all feel lighter in body and mind within the next few days.

8. SPIRITUALITY, STUDY, OPENNESS - Lust

What do we really want? At the end of the day... What do we regret that we haven't done in our life? Today, we write a list of goals, dreams, wishes and we put them in the bigger pictures by making steps towards them so they can soon become our reality.

9. WELL-BEING, SELF CONFIDENCE, RECOGNITION - Healthily

We eat well, lots of vegetables and fruits. We even tend to forget to buy meat and fish!
