Intuitive Predictions
September - October 2018
Roseline Deleu

N.B. Due to the late publication of the monthly predictions, these (below) will cover both September and October months.

1. LIFE PATH, CAREER - Birds

We observe birds around us. Their colours, songs, their wonderful ways of flying - all this encourages us to harmonise ourselves. We read and learn about their habitats and their favourite trees. Many of us will create their unique personal message/oracle per bird. Whatever we learn with this process, from now on, birds and their messages will be part of our lives.

2. LOVE, RELATIONSHIPS - Good Memories

We recall good memories and romantic times of our lives. A beautiful smile appears and warms our hearts.

3. RESPECT, FAMILY, HEALTH, PAST - Bikini

We saw a nice bikini in a shop and really feel like buying it for our next holidays. We decide to take care of our body and this bikini will suit us very well.

4. ABUNDANCE, WEALTH & MONEY - Personalised Gifts

Christmas still seem far away. nevertheless, we prepare small personalised gifts that will surprise our friends - for their birthday or to put under the tree. We create tea mixes with our garden plants or flower bags to put in draws or wardrobes.

5. YOU - Confidence

Self confidence is back! :)

6. HELP, HELPERS, TRAVELS - Quality

It is not so much how many friends we have but the quality of friends that counts! We are better off having a few less rather than not having enough time for those who value our friendship.

7. IDEAS, CHILDREN & PROJECTS - A new Idea

A new idea seriously starts growing. Our enthusiasm is reborn. We fell so good about it!

8. SPIRITUALITY, STUDY, OPENNESS - Notes

We write down our personal meaning of signs and oracles.

Birds bring us messages (see point 1. above), we note them in a book in alphabetical order. Flowers remind us of good memories, them too are carrying a personal message. All signs in life have our own and personal meaning, so let's make them uplifting.

9. WELL-BEING, SELF CONFIDENCE, RECOGNITION - Happy Colours

We wear happy colours that brighten our days.
